

Giraffes

I picked up litter in my community and threw it away

I reused an item instead of throwing it away

I recycled all the litter that I could

I taught my family / community one thing that I learnt in my Eco-Club about caring for the environment

I used water carefully and did not waste it

I reported poaching activities

I planted a tree in my garden, school or community

I showed my family / community how important it is to look after all animals - without one animal, the food chain would fail

I reused a plastic bag to carry other things

I didn't pour chemicals into water systems
